Orientation is **REQUIRED** for All Members!

ALL members, accompanied by a guardian, **MUST** attend an orientation session before attending the 2022-2023 drop-in program. Complete membership registration online before orientation. Staff will be able to troubleshoot any registration questions at the completion of orientation as needed. Orientation covers all important policies, rules and expectations and introduces members to staff and program offerings.

**Arrive a few minutes early for orientation. There is no late admission permitted.*

Orientations are with and without a facility tour. We strongly encourage all new members to attend orientation with a facility tour. Our current orientation schedule is on the back of this flyer. Additional orientation sessions will be offered throughout the school year. Find our most up to date schedule at www.bgcwoburn.org.

Orientation & completed registration must be completed before being able to attend the Club!
